Dear Hans Bader:

This letter acknowledges receipt of your Freedom of Information Act (FOIA) request dated February 7, 2023, requesting communications related to constitutionality of electronic devices used to transmit identifying information to law enforcement (Date Range for Record Search: From 3/1/2022 To 2/8/2023). Your request was received on February 7, 2023.

The FMCSA FOIA Office is currently experiencing exceptional circumstances in that due to the volume of FOIA requests received, we are working to reduce a 4-to-6-month backlog of requests in addition to processing current requests (see 49 C.F.R. § 7.34(c)). Under the FMCSA's first-in-first-out method of processing FOIA requests, then, processing your FOIA request may take up to 5 months however, could be sooner. We continue to try to shorten that processing time.

Should the search, review, and photocopy fees associated with processing your request exceed \$25.00, you will receive advance notification from our office. Please note that when we respond to your request if we are providing records, they will be sent by our Secure Large File Transfer System (SFLTS). You will be required to create an account to download the records. If you have any questions, please contact us at foia2@dot.gov.

If you have any questions regarding the status of your request, please contact our FOIA Request Service Center at (202) 366-2960 or email at foia2@dot.gov. Please be sure to refer to the FOIA Control Number listed above, in your correspondence. For more information, you may visit our website at <http://www.fmcsa.dot.gov/foia>.

Sincerely,

//Signed//
